1 INTRODUCTION & WELCOME

Welcome to BP Ultimate Rally-Raid Portugal!

With unique conditions for cross-country competitions, Portugal is once again hosting the only World Rally-Raid Championship event held in Europe. The debut in 2024, with a large crowd and fascinating stages, was a huge success.

And it's going to be a challenging event that awaits you between 22 and 28 September. With its operational base in Grândola, where the race directors, teams and drivers are concentrated, it is also the place where the Prologue will be held.

As organiser, the Automóvel Club de Portugal has introduced a major new feature this year: Lisbon will host the final day of the race. A great party that will further project the country to the world, with its magnificent waterfront as the backdrop.

A tough event is expected in the Alentejo, Ribatejo and Spanish Extremadura, with a route that will thrill the crowds of fans with the performances of the cars, motorbikes and riders.

The BP Ultimate Rally Raid Portugal scores international points for the FIA and FIM Rally-Raid World Championships.

A word of thanks to all the municipalities involved in the race route (Abrantes, Almeirim, Beja, Coruche, Évora, Ferreira do Alentejo, Grandola, Mação, Mourão, Ponte de Sor, Portel, Reguengos de Monsaraz and Salvaterra de Magos) and for the indispensable support of the sponsors - BP and M. Coutinho - Ford - as well as the various entities that look after security: GNR, PSP, Civil Protection and INEM.

Committed to the FIA's Sustainability Programme and the FIM's Environmental Code, we are continuing our work to minimise the race's environmental impact, with efficient measures that are an example at national and international level.

The ACP's strong commitment to this race is also the club's contribution to society, as a promoter of events that combat seasonality and the interior, so often forgotten by political and economic agents.

Finally, I want to talk to you about safety. The enormous enthusiasm surrounding this event should be a hallmark of sport and tourism. Only with everyone's commitment will it be possible to have a successful race!

Carlos Barbosa
Chairman of the Organising Committee

6 BIVOUACS & RACE CONTROL

Bivouac Grândola

Location – Parque de Feiras e Exposições

GPS – 38° 11.114'N / 8° 33.995'W

The Bivouac in Grândola will be open for the teams from September 19th and offer the following conditions: Electricity (to be confirmed) Catering, Toilets, Showers and first aid post (24 hours per day). Petrol stations and car washes are listed in chapter 11 of this Rally Guide.

Bivouac Badajoz

Location – Feria Badajoz IFEBa

GPS – 38° 52.856'N / 7° 1.660'W

The Bivouac in Badajoz will be located in IFEBa, outside the city center and close to the border with Portugal. There will be available all the conditions as in Grândola and complementary services are listed in chapter 11 of this Rally Guide. The Bivouac will open at 12am on September 24th.

Bivouac Lisboa

Location – Doca de Pedrouços, Belém

GPS – 38° 41.782'N / 9° 13.651'W

The Bivouac in Lisbon will be in Doca de Pedrouços, in the west side of the city and close to the river Tejo. Again, all the conditions from previous bivouacs are available to competitors. The soil is tarmac/concrete and must not drill. The Bivouac will open at 12am on September 26th. All the complementary services are listed in chapter 11 of this Rally Guide.

10 BP ULTIMATE RALLY RAID PORTUGAL ENVIRONMENTAL POLICY

The ACP – Automóvel Club de Portugal, as the organiser of BP Ultimate Rally Raid Portugal, is committed to the FIA Sustainability Programme and the FIM Environmental Code, with the aim of minimising the environmental impact of the event and setting an example on environmental issues, both nationally and internationally.

Therefore, BP Ultimate Rally Raid Portugal, through its Environmental Management System, will be guided by the following principles:

- Comply with applicable environmental legislation, as well as other obligations voluntarily assumed, including the FIA Environmental Accreditation Programme and the FIM Environmental Code;
- Inform and train everyone involved in the organisation about its environmental policy;
- Promote environmental awareness among our stakeholders (organisation, drivers, teams, volunteers, media, spectators and all external suppliers) and encourage them to make a personal commitment to this issue;
- Take into account the environmental impact when choosing partners and suppliers, as well as in the process of selecting and purchasing products and services;
- Reduce the environmental impact in terms of transportation, as far as possible, encouraging carpooling and car sharing, as well as the use of public transport;
- Promote responsibility in preserving the environment by managing and monitoring the direct and indirect impacts of the event, in particular energy consumption and associated greenhouse gas emissions, water consumption and other natural resources, and proper waste management;
- Encourage adequate and proactive management of environmental risk, in particular pollution prevention and emergency response to accidents and/or disasters;
- Promote the continuous improvement of processes, practices and environmental developments by defining and evaluating progressively more ambitious environmental objectives.

This Environmental Policy, supported by a strong “performance against objectives” attitude, will regularly be reviewed and updated, ensuring continuous improvement of the entire Environmental Management System.

The Organising Committee of BP Ultimate Rally Raid Portugal

11 PRIVATE TESTS

XRACE.PT Racing Park

EN 262, Chaminé de Baixo,
7630-713 Vale de Santiago, Odemira – Portugal
